DA PASSES JCS FOR J2, CINCUSAREUR FOR G2.

Reference: SHAPE Cable SM 32135 dtd 13 May 59 *nato*

Following additional comment has been received on
reference message: "At the border crossing of Horst and
Staaken the East German Border Police have intensified the
control of civilian traffic. Such measures have been
announced previously and are normal on special occasions
(e.g. international conferences). They are also possibly
related to searches for fugitives. The movements of EGA
vehicles on highway No. 3 which were carried out on 13 May
also in a westerly direction may be related to the following:

- (A) Alert and march exercises,
- (B) Reaction to alleged concentration of strong
NATO forces at border of so-called GDR and CSR in the north-
eastern part of upper Franconia,
- (C) Exercise near and in the Luebtheen (PE 3909)
training area."
